TECHNICAL DATA
All the facts at a glance

TYPE
Water Leakage Sensor | Article-Nr.: 6105

TECHNICAL DETAILS
• Safeguarding of water inlets/outlets and spillways of washing machines, bathtubs, heating and hot-water boilers, flood-proon areas
• Non-Oxide probe sensor technology
• Wall mountable radio and water sensor module
• Battery operation (2 x AAA-Alkaline, included)
• Low battery warning at the base unit.
• Fixation meterial included
• Cable length approx. 30cm

DIMENSIONS
Height 55,5 mm x Width 62 mm x Depth 19,5 mm

WEIGHT
33 Gramm

FASTENING
Wall installation for wireless and water sensor module. Installation material is included in the pack.
